

## Products & Services

- **Industrial Thermocouples & RTD's**
  - Small diameter fast response:
  - Noble Metal High Performance:
  - Platinum Composite sheath
  - Bare & Insulated Wire
  - Certification & Instrument Calibration
  - Terminations and Hardware
- **Mechanical Instrumentation for aero and power generation turbine test and development**
  - Rake and Probe Manufacturing & Refurbishment
  - Duct Instrumentation
  - Engine component instrumentation
  - Strain Gage installation services
  - Slip Ring – Electrical and Fiber Optic
- **Engineering & Design Services**
  - SolidWorks 3D Modeling
  - Ansys FEA
  - Component Modification Design
  - Instrumentation Egress Routing
  - Load and Thrust Cell Design and Engineering
  - Rake and Probe Design and Analysis
- **Machining Services & Applications**
  - Aerospace, Mining, Power, Marine & Heavy Equipment
  - Prototype & Engine Component Machining
  - CNC Mills & Lathes
  - Manual Mills & Lathes
  - EDM
  - Grind
